**OUR VISION IS A WORLD
WHERE PEOPLE LIVE WITH
MEANING AND PURPOSE**

Supports For People

Mains'l supports people who need assistance to live successfully in their homes and communities. We offer completely customized, person centered supports to help people live a meaningful life of their choosing.

Together we're making the world a better place, one person at a time.

Are you living your life the way you want? We'd like to help you realize your hopes and dreams. We know that people flourish when their lives are filled with meaningful relationships and activities of their own choosing. That's why we offer person-centered services and serve as a navigator as you chart your own course.

Our supports for people

Supports for Living, For Learning, For Life: We offer lots of choices that support your life decisions as you pursue your dreams. We know that people flourish when their lives are filled with meaningful relationships and activities of their own choosing. That's why we offer completely custom, person-centered services and serve as a navigator as you chart your own course.

Do you like to make decisions and follow your dreams? We offer opportunities to build your academic, social, living, health, work, and recreational skills. Whether going to college, improving your computer or job skills, developing your artistic side, finding a roommate, job, or a place to live, it's your life, your way. We offer lots of options to choose from. Let's explore together.

Person Centered Planning: Person Centered Planning is an approach to empowering people to define the direction for their lives. Our planners support people in "drawing" a picture of the life they want to live, and the person and their support team work together to figure out the best way to get there.

Person Centered Thinking Training: Person centered training focuses on giving people a voice to a life of independence and self-determination. This two day interactive training allows you to use a variety of tools and skills to help discover what is important to a person and what is important for a person, helping them live a better life. This training is designed for support staff of all levels, as well as people supported and their family members.
