

YOU ARE
THE CAPTAIN,
WE ARE YOUR
CREW.

FINANCIAL MANAGEMENT SERVICES for agencies

We're an award-winning partner for agencies across the nation, offering innovative supports that help power the possibilities of the people they serve. Through our **customized financial management services and software** and top-notch customer service and support, our team will help serve and guide you as you move in your desired direction.

OUR TEAM IS HERE
TO SERVE YOURS

Our Financial Management Services team offers a variety of services and software options for agencies supporting people participating in self-directed programs. Services may include timesheet collection, payroll processing, filing, reporting and paying employer taxes, accounts payable, Medicaid and state agency billing and excellent customer service to both agencies and the people they support. Our level of involvement is determined by you and the option/s you choose, no matter how many participants are in your programs. We are proud to have won awards and acclaim for our software and our services.

Each and every one of our partners experience:

- ↳ Exceptional customer service
- ↳ Industry-specific FMS system that interfaces with existing systems - no added investment in software costs
- ↳ Accurate and timely payroll, vendor, reimbursement payments, spending and balance information in real time
- ↳ Access to participant information and the ability to add data and timesheet entry through the Mains'l web portal and over the phone
- ↳ Early fraud detection through system approval processes and edits prior to issuing payments

Testimonial from a satisfied partner:

"Mains'l has been a valuable business partner to us for over two years. They offer high quality services and we have always been exceedingly satisfied with their work. We benefit from their experience and value their passion. The Mains'l FMS team continually exceeds our expectations and have always been very responsive to our needs and requests. Their "software as a service" product seamlessly took us from a cumbersome manual process, to a state of the art financial management solution, which has greatly reduced risks for our organization and at the same time strengthened our finances. **I can confidently recommend Mains'l as your next business partner.**"

- Art Jones, Vice President/CFO
NorthKey Community Care, Kentucky
