

# COMMUNITY OF PLANNERS

We believe collaboration and partnership creates thriving communities. **Community of Planners** is designed to bring ALL people together for shared learning and support while diving deeply in the values, foundation and person centered planning process.

**Community of Planners** is a six month curriculum designed to partner with people across the community (family members, advocates, providers, etc.) to build a community of practice that is skilled in Person Centered Planning, and can support one another and those we serve into the future.

**Community of Planners** is a hands on, highly interactive curriculum that introduces multiple planning methods, designed to give participants the resources to choose what plan works best for the individuals they serve.

## OUTCOMES OF COMMUNITY OF PLANNERS

- A deeper understanding of the values of PCP
- Knowledge of the foundational components of planning
- Experience using Liberty Plans
- Experience using PATH
- An understanding of Person Centered Outcomes
- The ability to identify how Person Centered Planning aligns with ISP and IPP
- Understanding of the 5 Valued Experiences and how they relate to outcomes
- Introduction to Charting the Life Course
- The confidence to create plans that will develop a shared understanding of what a person wants for their future!

“What more is possible?”
